Your surgical team has many health care providers involved in your care. Your **Attending Surgeon**, as leader of the team, will discuss your medical and surgical concerns, options and recommended plan. Each surgeon in our Department is Board Certified or Board Eligible. This Board certification is another assurance that you are receiving care from the most qualified individuals. As faculty of MSU, our surgeons are actively involved in the education of surgical residents and medical students. **Surgical Residents** are licensed physicians who have a college degree and a medical degree. They have completed advanced education from an accredited medical school and are studying to become surgeons. **Medical Students** are individuals who have completed college, are enrolled in medical school and are training to become physicians. Both residents and students provide aspects of your care, but always under direction of your attending surgeon.
